## The Mayor's Message

To the Citizens of Rutland:

This has been a year of great anxiety trying to keep the City operating in the conventional manner, while having to cut back on social programs because of state and federal funds becoming unavailable to continue to help out the disadvantaged of our community.

In this fiscal year the City has reached its charter limit for the purpose of raising revenues through property taxes. This has been a year for all people within city government to rededicate themselves to the challenge that lies ahead in providing services while eliminating many of the expenses that can no longer be shouldered from general tax revenues. Department heads have been instructed to reduce departmental expenditures to the absolute minimum while continuing to provide the high degree of service that Rutland has been famous for for many years. This fiscal crisis has resulted in a truly "no frills" budget.

At the same time, effort has been made to improve the City's competitive position in attracting new tax base, jobs and the spin-off economies. Transportation improvements are on line, applications for federal assistance have been submitted, and the groundwork for projects of a regional nature have been laid.

All in all, this fiscal year appears to be one of the most difficult which Rutland has faced in its 90 year history as a city. However, with the proper management and strong concern for economic development programs, the City will proceed from this crisis with increased strength and hope for the future.

Respectfully,

JOHN J. DALEY  
Mayor

City Board of Alderman

## City Clerk

Honorable City Council  
Rutland City, Vermont

Mayor Daley, Ladies and Gentlemen:

As required by Vermont Statutes Annotated, the Rutland City Charter and Ordinances, I herewith submit the annual report of the Office of the City Clerk and Purchasing Agent.

It has been mentioned before that the City Clerk's office is the hub of all activity at City Hall. Being the administrative branch is, of course, the reason, as it is a natural place to start for whatever assistance you may seek.

The City Clerk is Ex-officio Clerk of the Board of Aldermen, Board of Civil Authority, Clerk for the Abatement of Taxes, Board of Finance, the Board of Public Health, and Clerk of the Board of Highway Commissioners.

As you know, this office has administrative control of the City of Rutland elections, and supervises State or Federal elections. This is a very important function. We have been fortunate in having the use of the punch-card system through the courtesy of Central Vermont Public Service Corporation. Central Vermont has been very kind in allowing the City to use their facilities, in many elections, at no cost.

Respectfully submitted,

JOHN W. BARRETT  
City Clerk

## OFFICE OF THE CITY CLERK REPORT OF VITAL STATISTICS

## City Treasurer

To the Honorable City Council  
Rutland, Vermont

Ladies and Gentlemen:

I present herewith the 1982 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1982.

All debt requirements of the City were met promptly during the year. Serial bonds totaling \$160,000.00 were retired. Payments of \$4,465.15 were also made on the direct reduction loan of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$54,386.50, of which interest amounting to \$28,759.00 was paid on outstanding School Construction Bonds.

**General Fund:** This fund is financed by revenues from general property taxes, licenses, permits, fines, revenue from other agencies, charges for current services and other miscellaneous revenues.

During the fiscal year ended June 30, 1982, revenues actually received were \$138,058.18 greater than budget estimates, and expenditures were \$49,652.21 less than budgeted appropriations.

**School Fund:** During the fiscal year ended June 30, 1982, revenues actually received exceeded budget estimates in the amount of \$933,799.69, and expenditures were \$126,380.81 greater than budgeted appropriations. As of June 30, there was a surplus in the amount of \$809,434.46.

**Revenue Sharing:** During fiscal 1982, the City received \$655,776.00 in Revenue Sharing Funds, and interest earned amounted to \$48,914.25.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as of June 30, 1982.

Summary statement of cash receipts and disbursements presented as Schedule I, summarizes the activity of the various funds during the fiscal year ended June 30, 1982.

Respectfully submitted,

 CERTIFIED PUBLIC ACCOUNTANTS  
 — SINCE 1920 —

OFFICES  
 White River Jct., VT  
 Burlington, VT  
 Rutland, VT

To the Honorable City Council  
 City of Rutland, Vermont

We have examined the combined financial statements of the City of Rutland, Vermont, for the year ended June 30, 1982, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Prior to 1959, the City did not maintain adequate cost records of its fixed assets, so market values at July 1, 1959 were used.

In our opinion, except for the lack of cost data for the assets acquired before July 1, 1959, the combined financial statements referred to above present fairly the financial position of the City of Rutland, Vermont at June 30, 1982, and the results of its operations and the changes in financial position of its Proprietary Fund Types for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining, individual fund, and account group financial statements and schedules listed in the Table of Contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the City of Rutland, Vermont. The school fund was examined by other auditors whose report appears on page 5. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as whole.

## Fire Department

To the Honorable Board of Aldermen  
and My Fellow Citizens of Rutland

I respectfully submit to you the annual report of your Fire Department for the Fiscal Year of 1982.

This year we saw a drop in the number of alarms from the record year of 1981. The drop was significant, amounting to 108 alarms. The total for this year was 595 calls.

The Rescue Vehicle responded to 690 calls. This is nearly double the number of last year's calls. The actual increase in calls over last year was 305. This increase was probably due to the fact that the citizens of the area are more aware of the availability of the Rescue and that at the present time the Department has two members who are trained Para-medics and more will be added in the future.

This year is the second year in a row that I can report to you that there were no fatalities from fire. It is with sincere pleasure that I make this statement.

In closing I must thank the Rutland City firefighters. They are responsible for the success this Department experienced this past year. "Thanks" goes to our neighboring fire departments who come to our aid when we are in real need. To the Mayor, the City Council, and the other City Departments I say "Thank You" for your assistance during this past year.

Sincerely yours,

**RICHARD M. BARRON**  
Chief, Fire Department

## City Assessor

To the Honorable City Council and  
The Citizens of Rutland, Vermont

It is my pleasure to submit the annual report of the Assessors Office for the fiscal year ending June 30, 1982.

There was little growth in the City's Grand List, due to the fact that there has been very little new construction here in the City.

During the past year, this office and a special aldermatic committee, met with several outside appraisal firms, of which, hopefully one will be selected to re-appraise the City of Rutland. The primary goal of this re-appraisal is to create equity city wide. Also with the passing of the new State Aid to Education Bill, it is important that the City of Rutland up-grade the assessments of all properties to 100% of fair market value, as not to jeopardize this funding to the City.

This Spring, Mr. Earl Turner retired after 11 years of service as a member of the Board of Assessors.

I would like to take this opportunity to thank the Mayor's Office, Treasurer's Office, the City Attorney and the Clerk's Office for their cooperation and assistance.

Respectfully submitted,

CHARLES M. FRANZONI  
Assesor

## Constable and Tax Collector

To the Honorable Board of Aldermen:

As City Constable and Tax Collector of the City of Rutland, I am pleased to submit for your consideration the financial report of this office for the fiscal year, July 1, 1981, through June 30, 1982.

Real Estate, personal property and poll taxes collected during the period amounted to \$386,942.64.

General bills which include water and sewer installation done by the City, sidewalk and curb improvements, tree removals and other expenses totaled \$2,303.47.

Water and sewer assessments amounted to \$63,403.08.

The cumulative total for all monies collected by this office during the fiscal year was \$452,649.19.

May I take this opportunity to thank sincerely the Honorable Mayor, City Attorney, other City officials and employees for their cooperative efforts during the past year.

Respectfully submitted,

L. BERNARD WATERMAN  
Constable and Tax Collector

## Civil Defense Department

To The Honorable City Council  
and Citizens of Rutland:

Ladies and Gentlemen:

I am pleased to present to you the Annual Report of the Civil Defense for the Fiscal Year ending June 30, 1982.

There were eleven emergencies which required the activating of the Civil Defense Operations Center this past year as a result of fall and winter storms and an earthquake tremor.

I responded to several general alarm fires and helped the Salvation Army and Red Cross in obtaining aid for displaced families. The Halloween patrols, consisting of Civil Defense Communications volunteers, were out as usual on Friday and Saturday nights assisting the Police Department. I assisted in obtaining water for the West Rutland School Department, in cooperation with the West Rutland Civil Defense Chairman.

A training program with the State Hazardous Materials Training Committee, was conducted and resulted in a test on April 26, 1982 for various City departments, along with other community emergency service organizations. This proved to be a valuable training experience for all.

I attended several conferences and seminars this past year. These meetings proved very helpful to me in the administration of the Civil Defense program.

The Rutland Fair Civil Defense booth was again manned by City volunteers and State Civil Defense staff. Many Civil Defense pamphlets were distributed.

I served on various Service Organizations' committees this past year, the United Way, Emergency Medical Service, Paramedic Fund and Salvation Army. Assistance in emergency planning was rendered to various City organizations.

In May I participated in the Elks "Youth Day." This year I was pleased to have been able to have several high school students come to the office and observe the daily routine and explain the responsibilities of the Civil Defense office.

The "Emergency Fuel Fund" was again administered by this office and, due to the long hard winter, many families were assisted through the generosity of the local churches, which again assisted in funding this worthwhile project. Also, a generous contribution was made by the Mayor's Horse Race Program.

The School Crossing Guard Program was again successful and I wish to express my appreciation and thanks to all for the fine job they performed this past school season. This year Leo Loso and Marticia and Roger Conant have left the program and they will be missed.

At this time, I would like to thank Mayor Daley, the Board of Aldermen, all the department heads and employees and volunteers, and also the State Civil Defense Staff, for their assistance to the Civil Defense office this past year.

Respectfully submitted,  
ALDO M. MANFREDI  
Director - Civil Defense

## City Attorney

Honorable Board of Aldermen  
City Hall  
Rutland, VT 05701

Ladies and Gentlemen:

This report covers my first full fiscal year as the City Attorney.

As everyone else involved in the government of the City of Rutland, I am concerned with the City's finances. I have tried to both reduce my own budget and, as City Attorney, to increase the City's revenues.

I was very pleased that my efforts towards reducing costs in my department were successful during fiscal year 1982. I started with a budget that was approximately \$10,000.00 less than the City Attorney's expenditures for the prior year, and I ended the year with a \$6,803.38 surplus. This represented a total savings to the City of over \$17,000.00.

On the revenue side, I have tried to be aggressive in collecting monies due the City. Two suits were brought on behalf of the City for damage done to City property by motorists; and in both instances we were successful. I also arranged with the Tax Collector for seven sales. Only one property was actually sold (that one was redeemed), the rest either paid the taxes due or set up a payment schedule.

In a similar vein, my office, the Assessor's office, and the Board of Aldermen undertook a comprehensive review of the exempt property in the City. The Assessor's office estimates that as much as twenty (20%) percent of the tax base in the City of Rutland may be tax exempt. Naturally this review caused some concern among exempt organizations; but to date it has resulted in one major water and sewer user paying for this service and two other property owners making contributions in lieu of taxes.

I was disappointed that the City and the Police and Fire Union were unable to reach agreement during this last fiscal year. At least one of these contracts is going to binding arbitration. This will be the City's first experience with binding arbitration since the voters approved it; and it will be interesting to see how well it works.

I find it somewhat alarming that there seems to be a growing trend to sue the City of Rutland. There are at present over ten (10) cases pending wherein the City is a defendant. Most of these cases arose over the actions of employees rather than particular policies of the City. They all of course represent a substantial expense to the City.

One of the most important activities of the City Attorney is drafting legislation at the request of either the Mayor or the Board of Aldermen. During the past year I have drafted ordinances dealing with dogs, parking violations and fines, landfill use, City employee expenses, reports by candidates, liquor licenses and bottle clubs which received the approval of the Mayor and the Board of Aldermen. The latter two dealings with liquor control were particularly comprehensive and hopefully will assist the City in its dealings with liquor license holders.

I considered this past fiscal year a very productive one in the law department; and I am in hopes that the upcoming fiscal year will be equally successful.

Respectfully submitted,  
WILLIAM J. BLOOMER, ESQ.  
City Attorney

## Grand Juror

To the Honorable City Council and  
Citizens of the City of Rutland,

It is my pleasure to submit the Annual Report of the City Grand Juror's office for fiscal year ending June 30, 1982.

During the past year, this office has been responsible for the collection of the fine revenues in the amount of \$32,483.60. In addition, the combined efforts of the Police Department and this office collected \$37,035.00 for parking violation fines.

This office has worked closely with the Police Department, Mayor's Office, Building Inspector's Office, Department of Public Works, Fire Department, City Attorney and the Board of Aldermen. An atmosphere of cooperation has been created at City Hall which benefits all of the citizens of the City of Rutland.

Respectfully submitted,  
ANDREW W. MACLEAN  
City Grand Juror

To The Honorable City Council:

It is my pleasure to submit to you the Annual Report of the activities of the Building Inspector's Office for the fiscal year ending June 30, 1982.

## Public Works Department

To the Honorable City Council  
and the Citizens of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for the fiscal year ending June 30, 1982.

The Department of Public Works provides a variety of basic services to the citizens of Rutland. In addition to the major projects listed below, the Department is responsible for the day to day maintenance of City streets, a complex network of sewer collection mains and water distribution mains, the City Landfill, the Water Pollution Control Plant, the area comprising the City's watershed and the Water Treatment Plant. In addition, the Department responds to citizen complaints on a daily basis and emergency situations on a 24 hour basis. Citizens are reminded to contact the Police Department for emergency situations when the Department's business office is closed.

I would like to thank and commend all the personnel in the Public Works Department for their dedication and professional manner. I would also like to thank Mayor Daley, the Board of Aldermen, particularly Public Works Committee Chairman Nick Barone, and the other department heads for their cooperative and courteous attitude towards the department.

The Department of Public Works should and will continue to serve the citizens of the City of Rutland to the best of its ability.

THOMAS G. MACAULAY  
Commissioner of Public Works

Also, 465 tons of winter sand was used.

## SOLID WASTE DISPOSAL

Rutland City is continuing its participation in the Rutland County Solid Waste District in order to find the least expensive, long term solution to the problem of disposing in a sanitary fashion the city's solid waste. Two major programs are being investigated: a waste to energy facility which will turn the solid waste into electricity by producing steam; and, the identification of a new landfill in which the ash from the waste to energy plant and any unprocessed trash can be buried.

As of June 30, the Solid Waste District was completing its analysis of the many different alternatives to determine the most cost effective. During the upcoming fiscal year, the results of this analysis will be made public and voters will have the opportunity to express their approval of the recommended alternative.

The city landfill is still scheduled to be closed on November 1, 1982 by state order. An extension of the assurance of discontinuance will be requested in order to implement the alternatives recommended by the Solid Waste District.

## WATER POLLUTION CONTROL

I hereby submit the Annual Report of the Water Pollution Control Plant, for the fiscal year ending June 30, 1982.

A total of 2,263,697,000 gallons of sewage and storm water was processed at the plant during the past year. In addition 110 cubic yards of grit was removed from the system together with a various assortment of debris other than sanitary waste.

During the year an extensive energy savings program was instituted. Exolite was installed in over half the windows in the Administration Building. The other half was to be completed with the implementation of the upcoming budget. A new energy saving oil burner was installed in the Administration Building's heating system, and insulated storm doors were installed in the garage entrances.

As a result, over fifteen hundred fewer gallons of oil were consumed. All the installation work was accomplished by our own employees and I am proud to say that they a commendable job.

As usual we have had the pleasure of conducting many tours of students and individuals through the plant and explaining its operation. We are pleased at the interest shown by many students in particular and are looking forward with pleasure to more visits from these groups.

The complimentary remarks from many of the visitors are greatly appreciated and very encouraging. The cooperation received from this and other departments is acknowledged with gratitude. I would like to again personally thank all the employees at the plant for their dedicated and faithful services and look forward to their continued cooperation.

Respectfully submitted

P. J. BARONE  
Superintendent

## WATER TREATMENT

Rolla Jasmin, *Water Treatment Manager*

During the 1981-1982 fiscal year, there were 539 - 150 lb. cylinders of chlorine used for water treatment for the city at a cost of \$15,361.50.

There were 2,100 lbs. of granulated chlorine used on streams in the city's watershed and on banks of the reservoir at a cost of \$2,524.23.

There were 400 lbs. of copper sulphate used for treatment of algae control at the City Reservoir.

Monthly water system operations reports were sent to the State Division of Environmental Health in Burlington, Vermont. These reports include the results of daily testing for coliform bacteria and turbidity.

There were 906 tests of free and available chlorine, pH and temperature taken throughout the City of Rutland and the results catalogued.

On February 1, 1982 the State Health Department certified the city's water laboratory and laboratory technician for microbiological examination of the city's drinking water. For the fiscal year ending June 30, 1982, the laboratory tested 498 water samples for contamination from various points within the city's water system and 182 samples from brooks and ponds in the city's watershed and the city reservoir.

All results were reported to the State Health Department in Burlington and to Rutland City Health Officer, Dr. William A. O'Rourke, Jr. Test results are reported to Dr. O'Rourke directly; and any positive results are reported immediately. The Water Division of the Department of Public Works works closely with Dr. O'Rourke and the Rutland City Board of Health with regard to the quality of the city's drinking water.

Deficiencies and recommendations affecting the quality of the city's water are discussed with Dr. O'Rourke and the Board of Health.

Long range plans concerning ground water sources and treatment are discussed in the Engineering section.

A new chlorinator was installed at the pre-chlorination building at the intake on Mendon Brook. This will allow us to adjust chlorination of water entering the reservoir upward when testing indicates contamination in the brooks. Automatic switching devices were installed at the main chlorination station to maintain continuous chlorination during the changing of chlorine tanks. Installation of these switching devices was recommended by the State Health Department.

## CITY WATERSHED

The Rutland City Watershed comprises 12,000 acres of which over 4,000 acres are owned by the City of Rutland as city forest. The 35 miles of brook originating on it have filled Rutland City's reservoirs since 1878.

Maintenance of water quality in our reservoir requires good sanitation practice on our watershed and surveillance of tributary streams to maintain the quality of water entering the reservoir.

The city's watershed is constantly being patrolled to check for any failure of septic systems in the watershed.

As a further check on the watershed, brooks in the watershed are continually being monitored. Samples from these brooks are taken periodically to check bacteria counts.

#### ADMINISTRATION

The administration staff cheerfully responded to numerous citizen complaints and requests for information. Over 950 work orders were issued during the year dealing mostly with requests from citizens for work to be done by the department. The staff also performed the routine payroll, accounting and bookkeeping tasks required by the department.

Our administrative staff consists of Patricia Avery, Coletta Franzoni, Mary Muzzi and Arthur Courcelle. Tom Macaulay assumed the duties of commissioner on November 16, 1981.

#### ENGINEERING

The Engineering staff under the direction of City Engineer, Warren E. Conner, provides survey, design, and other engineering services for all divisions of the Department and for other departments within city government.

In addition to providing these services, the Engineer Division compiles and constantly updates plans and records of water and sewer contracts and specifications for jobs let out for bid, provides information to contractors and others concerning city utilities, prepares necessary easements and performs other duties of an engineering nature as required.

Plans and survey layouts were provided for the following major projects during the year: Fairview Ave. - replace sewer main; Lincoln Ave. - replace sewer main; Ridgewood Lane - new sewer and street construction; Brightview Ave. - sewer main extension; replace trunk sewer through Fairgrounds; Robbins St. - replace water main; Baxter St. - extend water main; Hillcrest Road - rebuild street; Piedmont Pond Road and Meadowbrook Road - rebuild street; and utility layout for New England Telephone for underground conduit on West St., Cottage St., State St. and Columbian Ave.

The city map was updated and an index of Streets and Points of Interest was added. The map is available at the Public Works Department for a nominal fee.

Twenty-seven (27) building permits were reviewed in conjunction with the Building Inspector's office.

In May of 1982 the city received a Planning Advance of \$667,000 from the State of Vermont for the final design of the upgrading of the City's Wastewater Disposal Plant. The city's consulting engineers, Dufresne-Henry, Inc. of Springfield, VT should have this design completed early in the spring of 1983. Present plans call for construction of the new plant to start in the summer of 1983. The estimated construction cost to upgrade the plant is approximately \$9,500,000 of which the State and Federal governments contribute 90% of all eligible costs. City voters approved the bond issue to pay the city's share of this construction in the March 1982 election. Planning and coordination of all design work and land acquisition for this project is being carried out by the Engineering Division.

The city is currently considering a groundwater source to replace the existing reservoir and surface source (Mendon Brook) for the city's water system. This would eliminate the need for the proposed \$4,500.00 water treatment plant.

In June of 1982 the city was notified it was eligible for a Planning Advance of \$50,000 from the State of Vermont for investigating possible groundwater sources. The city is now in the process of applying for this money.

The Engineering Staff includes Warren E. Conner, Alan Shelvey and John Havens.

### CITY FOREST

Dave Richards, *City Forester*,

Dave Richards was in charge of all forestry work including management of the city's ornamental trees and the 4,000 acres of city forest in the watershed.

Total revenue from timber and firewood sales in the city forest were \$36,599.80.

Under the city's ornamental tree program 61 trees were removed, 13 trees were planted, 157 trees received maintenance such as pruning, cabling, fertilization, etc.

### —SENIOR CITIZENS CENTER—

The Rutland Recreation and Parks Department, Senior Center is located on Deer Street in an attractive, natural setting with gardens and trees. This access-free facility now boasts a lovely new picnic shelter with four (4) shuffleboard courts, three (3) horseshoe pits, and surrounded by trees with opened shaded areas and lawn games.

The Senior Center also serves as a meal site for the Rutland County Nutrition Program. As estimated 15,000 meals were served.

The Rutland Recreation and Parks Department's, Senior Program for the 1981-82 year increased in participation, with 42,500 Seniors involved in a variety of activities offered through the Center.

The Department's goal(s) for the 1981-82 year for the Senior Program were to consistently aim to include a larger portion of the Older population in Rutland City in its programs. In accomplishing these goals many new programs were added: i.e.: Aerobics, Walking Club, Square Dancing, Physical Fitness Week, and films to name a few. (2) continued informational and educational programs: Community Informational Series, Humanities and Pre-retirement programs. (3) inclusion of more members of Community Care and Nursing Home residents, and (4) more men participants.

The 1981-82 year included many special events: Halloween Party, Christmas Dinner and Dance, Valentine's Dance, St. Patrick's Day Party, and First Annual Volunteer's Luncheon.

Each year May is celebrated as Older Americans Month. During the month, the Department sponsored many special activities to honor Rutland's Older Citizens. OPEN HOUSE WEEK was held to encourage the general public to visit the Center and acquaint themselves with the activities provided. The week culminated with an evening performance by the Rutland Senior Center Chorus. Displays were set-up by the ceramics class, the painting class, Senior Home Demonstration Club, and the Craft Club.

The First Annual Volunteers Luncheon was held on Friday, May 27th at the Center. Thirty-eight (38) Seniors who volunteered many hours at the Center were honored. Mayor John Daley, and Superintendent of Recreation and Parks, John W. Cioffredi, presented each person with a Certificate of Award for their many services, adding to the success of the Senior Program.

The final event for the month was the Annual Bowling Banquet held at the Center, on May 29th.

The Seniors provided services to the Community, as well as participating in the programs. Sewing for the Nursing Homes, Christmas Presents for the Community Care Home, i.e., such as items of writing paper, candy, socks, etc. The gifts were delivered by the Seniors just prior to the Christmas Holiday.

The Recreation Department's, Senior Division strives to provide services to the Older Community throughout the year. Each month a health check is available, and foot care is provided through the Rutland Area Visiting Nurses. Additional Health services included Hearing and Dental Screening.

A full tax assistance program is provided through the Department with a core of Volunteers spending two (2) days per week aiding persons 60 and over with rental and sales tax rebate, as well as State and Federal taxes. Beginning in January and ending in April VITA (Vermont Income Tax Assistance) provided approximately 260 persons with help. Our appreciation is extended to Albert "Monk" Martin in providing this needed and valuable service.

Due to the cut-backs in Federal Programs there were no Flu-Shots given this year.

In continuing to provide services to the Older Community, our thanks and appreciation are extended to Sophie Curtis, Blance Crichton, Anna Jeanotte and Jeanne Donaghey, along with Grace Pelkey who take care of the Blood Pressure Checks each month.

Field trips to places outside of Rutland are ever popular. In July we took our Annual Lake George Cruise, in October we travelled to Lake Placid, (NY) for a Foliage Tour, and in March (after a long winter) we bused to Boston for the Annual flower Show. Other shorter trips were planned using the Department's van. We attended Weston Playhouse for the KING and I. There were shopping trips to Bridgewater Mill Mall, Manchester, and Aviation Mall. During the summer months a weekly trip was taken to one of Vermont's beautiful State Parks. In June we toured the Shelburne Museum in Shelburne, Vt.

A summer film series proved popular with the screening of THE AFRICAN QUEEN and 1776.

Increasingly popular was the Humanities Series with the subject under discussion WORK and LIFE. This program was provided through a grant funded by the Vermont Council on Humanities and Public Issues, with materials provided through the National Endowment on Humanities.

Several classes held at the Center have Seniors as part-time Instructors. Our thanks are expressed to Nora Job, Arthur Brown, Ruth Ross, Campbell Grimes, Miles Finch, Jim Alley, Margaret Durfee, and Frank Pelkey for their talent, time and dedication.

During the 1981-82 year 11,004 persons used the Recreation Department's van to attend activities held at the Center.

More than 250 persons registered with the Center during May, (Older Americans Month). This is an on-going process in continuing to reach the Rutland Community and provide services and recreational activities for its Older Citizens.

**Walt Disney On Ice In The Boston Garden** was a bus trip sponsored by our Department for parents and children. The show was a special presentation and experienced tremendous success. Showing was February 18, 1981.

## CHRISTMAS PROGRAMS:

**Toys for the Needy:** again this year the Department lacked donations of new and used toys for the Project. One hundred thirty-seven (137) families and three hundred seventeen (317) children received toys from this Project. Special thanks for donations to: Kay Bee Toy and Hobby Shop, Aubuchon Hardware, K-Mart, Al's Auction Barn, Bernice Ryan, President of the Senior Citizens Bingo Club and their members Winnona Sines, Mrs. Joanne Slattery a Christ the King School mother who donated her time and efforts to organize the contribution of used toys from children in Kindergarten thru Grade 5, and the Rutland County Stamp Club.

**Other Holiday Events:** a showing of the movie "Oliver," a performance by Rosenshontz, a visit from "Santa," a Christmas Craft Workshop, special events in the Gym and Game Room and "Phone Calls From Santa."

## HALLOWEEN EVENTS:

**Parade:** Rutlanders turned out in ghoulish droves on Halloween night for the 22nd Annual Halloween Parade. Trophy winners were: "Best in Show" — Mill River Union High School; "Most Creative" — a Muppet Float by Diane Taran of Poultney, Vt.; and "Most Original" — went to the Vermont Achievement Center. Delighting the crowd was Mill River's "Honoring Ancient Japan," Batman, Superman, Bugs Bunny, Tricky Dick Nixon and even Santa Claus. Winner of the

"Jack O'Lantern Contest" was Laurie Hector of 47 North Street, and Lincoln School. She received a bicycle donated by K-Mart Department Store by identifying the villain as none other than "Bob Richardson" a former Department employee!! Miss Kelly Carabeau of Mill River Union High School was crowned the 1981 Pumpkin Princess and received the honor of leading off the parade. Miss Carabeau was selected over contestants representing: Rutland High School, Mt. St. Joseph Academy, and West Rutland High School.

Our Halloween Party attracted approximately two hundred fifty (250) youngsters. A Costume Parade, Magic Show and Spook Spectacular Movie were highlights of the event, along with refreshments served.

**DOG OBEDIENCE CLASSES:** the Department sponsored two sessions of Dog Obedience Classes. Session I: began October 13; Session II: began April 13. Both sessions ran for eight weeks under the direction of Pearl Fuller.

**Clubs and Organizations Using Recreational Facilities:** the Marble Valley Players; the Rutland Region Jaycees; U.S.D.A. Forest Service; Rutland City Republican Committee; Rutland Public School System; Rutland Girl Scouts; Rutland headstart; Ridgerunners Running Club; the Southwestern Vermont Area Agency on Aging and Nutrition Program for the Elderly; D.E.L.T.A.; Tamarack Brook School; Christ the King School; State Department of Banking and Insurance; Green Mountain Callers Association; Dick Leger Callers School; Grace Congregational United Church of Christ; Agency of Human Services; Trinity Episcopal Church; and the Department of Social and Rehabilitation Services.

#### **Long Range Plans —**

New Recreation Community Center with indoor pool  
Outdoor Amphitheater  
Physical Fitness Trails  
Continued Development of Giorgetti Park

#### **Fiscal Needs of the Department**

Much needed maintenance equipment (trucks, mowers, etc.)  
Maintenance Garage  
Irrigation system for fields  
Department Park Policemen

I would like to take this opportunity to express my appreciation to the Mayor, Board of Aldermen, the citizens of Rutland and all volunteers who contributed their time and energy.

**Total receipts were: \$13,630.64**

## **Rutland Free Library**

### **REPORT OF THE LIBRARIAN For the Year Ending June 30, 1981**

To the Honorable City Council  
and Citizens of Rutland:

It is a pleasure again to present this annual report as Director of the Rutland Free Library.

The past year might be characterized as one of adjustment to the current state of the economy. Indicated in the near future are tighter budgets in most areas of the public sector, including libraries among other municipal departments. This seems to be an appropriate time in the library's history to consider briefly where the library is now and how it arrived there.

The Rutland Free Library expanded its services greatly, as library annual reports have detailed, over the past several decades. Three outstanding examples of this were, first, the building expansion of 1956-1966, which was funded by federal monies and a gift from the late Edwin W. Lawrence, which nearly doubled the library's service areas. Secondly, the Nella M. Grimm Fund, starting in 1970, doubled the library's materials budget, and also freed the City and the Town from funding these purchases of materials. Third, the old second floor auditorium, originally a courtroom, was refurbished in the mid-1970's as the Nella Grimm Fox Room. The Grimm Fund then assumed the expenses of programming and the hiring of a Program Director for this room.

Aside from the Program Director position, supported by the Grimm Fund, one new staff position was created during these years. That was in 1966, when the building was expanded. Our present economy called for the loss of this position in 1981, along with the closing of the library on Sunday afternoons, a service which had been instituted in 1972. Thus, the library now operates at the same staff strength as it did in the year prior to 1966, despite the many additional services which now are offered.

#### **Building Projects**

The City of Rutland, it should be emphasized, has been very supportive of the library. The numerous building and maintenance projects, which have been carried out with Revenue Sharing Funds and other monies and detailed in past library annual reports, are examples of this support. The latest of these projects was the installation of a new burner in the fall. With the reinsulation and tightening up of the old boiler at the same time, fuel savings already have been noted. This conservation measure was one of a series of measures begun during the first energy crisis in the early 1970's period, reported on previously.

Numerous other house and maintenance projects also were carried out this year. As a smaller scale conservation effort, insulated drapes replaced the older worn ones in the rear staff office. The old worn carpeting was replaced with material of a lighter shade in the heavily trafficked adult circulation, reference, and listening areas. Among necessary repairs and maintenance were the repairing of the Fox Room carpet seams and the replacement of the roof fan which serves the two public lavatories on the main floor.

Lighting in the Vermont Room was improved while the room's atmosphere was accentuated, when an old brass ceiling fixture was brought out of the library storage and modified for current use. Fox Room lighting, always on the subdued side, was enhanced by the addition of dual extensions which avoid glare but increase the effectiveness of the existing units. Battery operated smoke alarms were installed in six locations in the library.

Safety and aesthetics both were improved when the old sheetrock covering between floors adjacent to the Fox Room/Vermont Room stairway was replaced by stronger plywood, and a railing extension was installed concurrently with this. The very sturdy tables and chairs which have served in the reference room for nearly half a century were sanded and refinished by custodian Earl English. A pole was erected, on the Center Street side lawn, for the flag which formerly was flown from the second floor Court Street windows. Basement floors were repainted by the custodian.

### **Public Parking**

With the cooperation of the Rutland Police Department and the Department of Public Works, convenient access to the library was assured for persons traveling by car. Nine library parking spaces are reserved now for library users, one of them adjacent to a tapered curb and pavement opposite the walkway which extends to the ramp and Lawrence Reading Room entrance. Handicapped persons now have access to the library from their cars without a step or threshold barrier.

### **Library Bylaws**

The Rutland Free Library Association's Bylaws received a thorough review at meetings of the Bylaws Committee and of the full library board. A Special Meeting of the Association followed in June. A revision, which updates the Bylaws with respect to amendments voted by the Association in recent years, and which also makes adjustments in the classes of memberships, was approved by the membership.

### **Fox Room Programming**

A broad variety of programs continued to be offered in the Fox Room during the September through May months. Examples of these programs, all of which are free and open to the public, were reading-discussions, movies, and slide showings; workshops in subject areas like origami, photography, ceramics, and grant-seeking; poetry readings; annual meetings of the Library, the Rutland Historical Society, and the County Humane Society; a county

high school spelling contest; a broad variety of musical presentations for many tastes; investment and insurance seminars; a stuffed animal contest, and clown, puppet, and mime shows for children of all ages; talks and discussions on Vermont authors, job seeking, careers, physical fitness, and retirement; and a Two Penny Theater presentation of "Clown Chowder" which filled the east lawn on an idyllic afternoon in May.

More programs are being planned for coming months, with program suggestions always welcomed by Program Director Deborah Ramage. A committee presently is exploring fund raising possibilities to support Fox Room programming further.

### **Other Library Programs**

The year-round Storyhours of the Children's Department introduce preschoolers to their public library, while the Summer Reading Program stimulates and encourages young readers during vacation months. Group tours of the library are invited and take place throughout the year. Sounds and Silence, the bimonthly library newsletter which continues high in popularity, is mailed to a regular list of some seven hundred households, with additional copies picked up at the library.

### **Book Sale**

A very successful Book Sale was held in the library basement in August, many of which items come from people's shelves at home and their attics. Weeding of worn, outdated, and little used materials was continued in the adult fiction and young people's sections, providing much needed space while also increasing book sale resources.

As a followup to the 1980 Census, the library now serves as an Affiliate Center for the Vermont State Data Center. An interesting occurrence was the request received by the library for a delivery of books and jigsaw puzzles to a housebound user who had her 101st birthday this year!

The library has been fortunate to have had assistance in its book mending for a part of the year from Mrs. Maude Kent of the Senior Community Services Office. It is expected that this SCS program will be discontinued after September, but the library is appreciative of this service which it received following the loss of a mending librarian position.

Thanks again are in order to library friend Carmine Pacca, Rutland historian and inveterate Vermont Room researcher, who regularly volunteers his assistance to new users of the Vermont Historical and Genealogical Collection. Again this year Mr. Pacca utilized his technical skills in making specialized repairs to the older microfilm reader, with consequent cost savings for the library and convenience for microfilm users.

Despite the concerted efforts which the library made in planning, publicizing, and presenting information at numerous public meetings, the library's annual appropriation request was voted down this spring along with the public

school and recreation budget requests in the Town of Rutland. Non-resident fees, including the first cost of living increase in several years, combined with a temporary increase in the use of library permanent funds, will help compensate for this deficiency in the short run. The library is hopeful, for the longer term, that Town voters will come again to view Rutland Free Library, and decide again that it is worthy of their support.

#### Library Board

Officers of the Board of Trustees this year were: President, Mrs. Paula W. Shortle; First Vice President, Julian H. Frankiewicz; Second Vice President, Thomas M. Welch; Secretary, Mrs. Lee Forte; Treasurer, Lewis J. Watson.

Committees, and their chairmen, were: Bylaws, Edward R. Seager; Finance, Mr. Watson; Fox Room, Mrs. Forte; House, Mrs. Wendell M. Remington; Nominating, Mrs. Robert H. Dombro; Personnel, Mr. Frankiewicz; and Planning, Mr. Welch. Other trustees, who each served on two or more committees, were Royal W. Barnard, Mrs. Richard J. Carey, Jr., Dr. Philip G. Merriam, and Mrs. William B. Wright.

I would like to express appreciation for the positive support received this year from Mayor Daley, the members of the Board of Aldermen, City Treasurer Ronald Graves, and other officials, as well as the library trustees and the staff. We look forward to the challenge and opportunity of providing good library services in the coming year.

Respectfully submitted,

CHARLES D. MAURER

Director of the Rutland Free Library

Honorable John J. Daley  
Mayor of Rutland  
City Hall  
Rutland, Vermont 05701

Dear Mayor Daley,

I am happy to enclose the Financial Report of the Rutland Free Library Association, Inc., covering the period from July 1, 1981 to June 30, 1982.

On behalf of the Trustees, may I take this opportunity to express to you and to the members of the Library Committee, as well as the Board of Aldermen as a whole, our sincere appreciation for your cooperation and support in allowing our Library Association to offer a quality service to the people of Rutland.

Sincerely,

LEWIS WATSON  
Treasurer

## Health Officer

To the Honorable City Council and  
The Citizens of Rutland, Vermont

I respectfully submit the annual report of Health Officer for the fiscal year ending June 30, 1982.

The Board of Health consists of a three man board appointed by the Mayor and City Council in addition to the Health Officer who is recommended by the same process and appointed by the State Commissioner of Health. To these people is empowered the responsibility for the protection of public health to the citizens of Rutland.

During the past year the Health Officer maintained supervision of local control and quarantines as well as direct reporting of communicable disease to the State Health Department; investigated many public health nuisance allegations, monitored close scrutiny over public water testing and also assisted the State Department of Health during emergency control of local problems; issued citations when residents failed to cooperate with weed control and maintenance of sanitary conditions of vacant lots; assisted in the investigations with the State Department of Health for health monitoring of outdoor festivals, guidelines for new restaurants, etc.

I have submitted a monthly report of activities to the Mayor and the City Clerk.

My appreciation to others in city government for their cooperation.

Respectfully submitted,

WILLIAM A. O'ROURKE, JR., M.D.  
Health Officer

## Milk Inspector

To the Honorable City Council and  
The Citizens of Rutland, Vermont

I respectfully submit the annual report of Milk Inspector for the fiscal year ending June 30, 1982.

The Milk Inspector is appointed by the Mayor subject to confirmation by the City Council. The Milk Inspector is responsible for the issuing of licenses for all milk products utilized in the city.

Because milk producers are outside of the city limits, we have been fortunate to obtain the correspondence of the Director of the Dairy Division of the State Department of Agriculture and receive sampling reports on milk products that will be distributed for retail sale.

There have not been any violation of the ordinances.

Disposition is complimentary to that of Health Officer. A monthly report is submitted to the Mayor and the City Clerk.

Respectfully submitted,

WILLIAM A. O'ROURKE, JR., M.D.  
Milk Inspector

## Board of Cemetery Commissioners

To the Honorable Mayor  
and the Board of Aldermen:

Your Commissioners are concerned primarily with four things in managing the two city-owned cemeteries—grave stones, grass, trees and fences.

The grass at both cemeteries can be mowed and trimmed at necessary time intervals due to re-grading and removal of stumps of trees which have died.

The grave stones, considering their age and softness, are in fair shape. From time to time some stones are vandalized but the most damage to the stones is the slow insidious weathering due to the softness of the poorer quality stones.

Both cemeteries were once heavily shaded by elm trees. Most of the elms have succumbed to the Dutch elm disease and several dozen sugar maples have been planted in the past few years to ensure shade for the future.

Respectfully submitted,  
JOE CLIFFORD  
BOB TEDESCO  
*Board of Cemetery Commissioners*

## Police Department

To the Honorable City Council  
City of Rutland, Vermont

Dear Ladies and Gentlemen:

I respectfully submit the Annual Report of the Police Department for the fiscal year ending June 30th, 1982.

I am glad to announce that our canine was joined by a second canine in December 1981. We now have a dog on our 4-12 shift and 12-8 shifts. The report from the State Police for the first six months of 1982 shows the Rutland Police Department to be the leading user of canines. In fact, we had more use for them than the State Police who have about fifteen animals. They are turning out to be invaluable aids to the department.

Rutland also had a unique opportunity in that we were able to send Cpl. Frank Kelly to the F.B.I. Hostage Negotiation School at Quantico, Virginia. We all hope that Frank's new talent will never be used but we must anticipate the worst.

In-service training was provided for the officers to insure compliance with statutes on mandated training.

A very special thanks to the American Legion Post 31 for their support.

I want to thank the Vermont State Police and the Rutland County Sheriff's Department for their help this past year. It is a pleasure working with these two agencies.

I also wish to thank Mayor John Daley and the Board of Aldermen for their help and support this past year.

Remember your police department can only be as good as the help and support it receives from the citizens of Rutland.

Respectfully submitted,  
CHARLES E. SPOON  
Chief of Police

# **Rutland Area Visiting Nurse Association, Inc.**

## **Rutland City Annual Report**

To the Honorable Mayor Daley, City Council and Consumers:

It is my pleasure as Executive Director of the Rutland Area Visiting Nurse Association to prepare and present the 1981-82 Annual Report.

The primary goal of our Agency continues to be to provide a complete home care program. We are helping people to stay in their homes as long as possible. Our Agency has provided the following home care services to city residents:

Total unduplicated Home Care Patients — 534

Skilled Nursing Care	6,684 visits
Physical Therapy	1,135 visits
Speech Therapy	15 visits
Occupational Therapy	71 visits
Homemaker-Home Health Aide	5,384 visits
Homemaker	1,584 visits

Other services provided by our Agency are Preventive Senior Health Clinics, Prenatal Classes, Hypertension Screening and other clinics coordinated with State, Public Health, Mental Health and Office on Aging. We continue to work with all health related agencies through Rutland County to coordinate the best possible health care to your city.

The number of people seen in clinics and classes are as follows:

Prenatal Couples — 148
Unduplicated Senior Clinic Patients — 210
Hypertension Screening People — 1,100

Our Agency had a substantial deficit in the City of Rutland for this past year due to the health care demands not funded through third party payors or city funds. The funds that the city allocated did not cover the expense of free care provided. Our Agency has always worked toward providing health care to all in need regardless of ability to pay. We will continue our sliding scale fee policy as long as it is within the financial constraints of the Agency. More funding is needed or services will have to be cut back. We are hoping this will not be necessary because of all the apparent health needs.

If you need help or information on VNA services, please call 775-0568.

It has been a pleasure to serve you and hope you will continue to support our Agency.

Respectfully,

EVELYN P. DOYLE  
Executive Director

## Rutland County Humane Society, Inc.

To the Honorable City Council  
City of Rutland, Vermont

Gentlemen:

During the fiscal year 1981-1982, we handled the following from the City of Rutland:

- 174 dogs from the Animal Control Department
- 155 strays from City residents
- 530 animals surrendered by owners
- 27 assorted wild animals
- 19 complaint calls in the city

The total number of animals handled at the shelter was 2,842, with just about one third coming from the City. Our total operating expenses for the year were just over \$51,000, making our cost per animal about \$18. We received \$4,000 from the City, the balance coming from other Towns in the County, memberships, fund raisers and individual donations.

We continue to provide excellent care for all animals brought to us. About 35-40% of the animals brought in from the City as strays are never claimed so we attempt to place them in good homes.

Humane Education programs are available to all elementary schools in the City at no charge. Nuisance animals are trapped and removed from the City and released in the wild. Our agent answers complaints of abuse and neglect and tries to rectify the situations that warrant action.

The shelter is open Monday - Friday 10 a.m. to 5 p.m., Saturday 9 a.m. to 1 p.m. and Sunday noon to 5 p.m. Emergency service is provided at all hours when needed.

We are always grateful for the cooperation we receive from Animal Control Officer Petrie, the Police Department, Fire Department and other City officials.

Respectfully submitted,

THOMAS R. BROWE  
Executive Director

## Dogs and Other Animals

### EXCERPTS FROM OUR DOG ORDINANCE RUTLAND CITY

#### **Sec. 2551. Disturbance of quietude as public nuisance**

It shall be unlawful for any dog owner or keeper to permit or allow his or her dog or dogs to habitually howl, bark, or in any other manner disturb the peace and quietude of the community. Such conduct is hereby declared to be a public nuisance.

#### **Sec. 2552. Confinement**

(a) The owner or keeper shall confine within a building or secure enclosure every dog, and not take or allow such dog out of such building or secure enclosure unless such dog is on leash or under control of some person, or securely attached to an exercise wire.

#### **Sec. 2553. Impoundment: notice thereof**

Dogs found running at large may be taken up by a police officer or duly authorized agent and impounded.

#### **Sec. 2555. Penalties**

Any person who violates any provision of this chapter shall be fined not less than \$10 for the first offense, not less than \$15 for the second offense, and for the third or any subsequent offense shall be fined not less than \$20 or imprisoned for ten days.

"Be sure your dog has a current rabies vaccination!"

Save time and money. License your dog on or before April 1st.

## Community Development Director

To the Honorable City Council  
and the Citizens of Rutland:

I hereby submit the annual report of the activities of this office for the fiscal year ending June 30, 1982.

### **Planning and Grants**

Final close-out of the Southwest Neighborhood Improvement Program was completed with a federal monitoring visit in April. The efforts of former administrators are much appreciated in developing and implementing such a successful program. The conceptual plan for a new two-part program of neighborhood improvements and economic development has been prepared and a grant application for a three year program will be submitted in the fall.

Working with the planning commission, this office helped create a new zoning district, Municipal Industrial, which was applied to a portion of the city landfill property as an incentive to locate the proposed solid waste to energy plant on that site. The city planning commission has also adopted a prioritized list of capital improvement projects which will be the basis of a five year capital investment program if adopted by city voters in the fall. Work is also continuing on the update of zoning regulations and the zoning map.

Two high school classes requested lectures on the short term and long term plans for community development. The interest of younger residents in the city's future is greatly appreciated.

Membership in the American Planning Association is continued to assure that new concepts and programs are made available when appropriate to the city.

### **Economic Development**

Discussions with several potential developers and industrialists have occurred regarding interest in locating new facilities in the city. These contacts will continue as new information and creative financing mechanisms become available. A close working relationship with the Rutland Industrial Development Corporation has been established to maintain an inventory of industrial sites and coordinate efforts to attract new jobs and tax bases.

The board of aldermen has established a community development committee with the director of community development as an ex-officio member. First steps have been taken to develop a comprehensive economic development strategy for the city.

Membership in economic development groups continues, including Economic Development Council of Southwest Vermont and the Chamber of Commerce Committees on legislation, transportation and the arts.

#### Ongoing Activities

This office has been designated by the mayor to ensure non-discrimination on the basis of handicaps. Efforts are being made to eliminate architectural and physical barriers which restrict handicapped persons from fully participating in community affairs. Likewise, attitude awareness of physical disabilities is being promoted with more effort planned in this area.

Membership in the International City Management Association is continued to ensure that new or improved managerial techniques may be applied to governmental operations in the city.

Membership on the Vermont League of Cities and Towns new corporation on Worker's Compensation continues in an effort to create an insurance plan which will reduce insurance premiums required by the city.

A daily working relationship has been established with the Rutland Regional Commission and various state and federal agencies. These relationships will hopefully result in Rutland being a better place for work and leisure.

I would like to express my gratitude to all who have helped in these efforts since my appointment in November. I particularly thank the Mayor, Board of Aldermen, City Department Heads and Commissions for their cooperation and courtesy shown to me and this office.

Respectfully submitted,

THOMAS G. MACAULAY

Director of Community Development

A lien in favor of the City of Rutland is hereby imposed against any such automobile for the collection of any sums due for towage and storage.

(f) Police officers and members of the department of public works shall be exempt from damages incurred to motor vehicles removed under this section and those persons other than police officers and members of the department of public works shall be insured and are deemed to be self-insured for liability for any damages incurred to motor vehicles which they remove under this section.

Amended 1969 — No. 16      Effective May 7, 1969.

# The Rutland Historical Society

## ANNUAL REPORT TO THE CITY OF RUTLAND

To demonstrate how the Rutland Historical Society serves our community, some standing committees are listed below with brief explanation of function and deserved credit to the volunteer responsible:

### Acquisitions

Much of what had been commonplace in other times is now valuable; ordinary items used today will be rare in some future time. This puts a responsibility on us to retrieve for posterity significant items that, otherwise, could be lost forever. A dedicated committee is needed to decide, among many decisions, what to acquire, how to acquire, where to store, how to catalogue, how to protect, how to review in the light of space, staff and funds limitations. Chairmen of many other committees assist the president in this responsibility.

### The Rutland Museum

Material at our museum is of greatest value when items can easily be located by researchers, when selected artifacts are produced for organized display. These simply stated objectives are not accomplished without much hard work and planning. Vice President, Eleanor Elwert has brought honor to Rutland by her efforts in this area. As for the exterior of the museum, Eleanor put in the ground flowers again this year. I added morning glories on each side of the doorway with trellis support made of 100 year old lathes. Next year, we will look better: VoTech will be asked to help us with a better trellis; members of the Rutland Garden Club have promised to include us in the area location they beautify; the Rutland Association of Life Underwriters will pay for a new flagpole where we could display the Stark Flag across the street from Old Glory at our central fire station. Ann Rowe provided volunteers from the Retired Senior Volunteer Program to act as hosts at the Museum, and several dozen Society members also served as hosts.

### Vermont Farm and Rural Life Museum

Displayed in two buildings at the fairgrounds, our collection is growing in number and value. Each September, Chairman, Archibald Todd gathers his group of volunteers to do staff duty during fair week. Among the volunteers were Paul and Bertha Whittemore, Pete and Cloyce Butterfield, Mo Tucker, Dick Pratt, Al Pacca, George and Dorothy Covalt, Ed Boyce, Jean Ross and Bob West.

### Hospitality

It has been an appreciated custom to provide refreshments for the chat period with the speakers after the monthly program that will be described later. Because recruiting volunteers to bake the goodies seemed like inventing the wheel each month, I chose a cadre of six area restaurants and asked each to take a turn twice a year. All cheerfully agreed to donate. And what delicious variety this first round through! Our six friends are listed for a thank you from our delighted audiences:

### Publications

Managing Editor, Jean Ross and Editor, Michael L. Austin keep alive the Society's tradition of putting together the Quarterly — the equal or superior to any opus by any historical society anywhere! The following issues have been added to the collections of our members, and extras are available for sale at the Museum:

Summer 1981 - Vol. XI No. 3 "The Clarendon and Pittsford Railroad" (20pp)

Rutland Restaurant Stratton Anagnos	Back Home Cafe Tom and Jerry	Murphy's Will Patten
Petrone's Martha Fredette	Royal's Heartside Ernie and Wilma	Inn at Long Trail Kyran and Rosemary

And thanks to Debbie Ramage for helping every month.

### Library

On the negative side, it is a sad experience when we learn of an available book, document, photo — some artifact that has special value to Rutlanders — and must let it pass into oblivion because we lack the funds to obtain it for our posterity. On the happier side are the members and friends who have made tax credit donations of many items that others can cherish. Under the guidance of Jake Sherman, the task continues toward cataloguing in the Dewey Decimal System.

### Membership

We are proud of, and grateful to, more than 600 dues-paying members. Unfortunately, when we measure the way expenses have multiplied over the past dozen years and measure the \$3 a year basic dues against the obligations we have assumed toward all members, we are forced to admit that we are hurting badly. Rather than increase the dues, we economized by closing the museum to researchers during the winter months. Fortunately, Chairman, Louise Adams has been most persevering in urging many basic members to upgrade their membership categories into Contributor - \$10; Sponsor - \$25; Sustaining - \$100; Life - \$100. Without the help of friends in these latter categories, we could not carry on.

### Programs

Robert Edward West continues to produce a marvelous mix of interesting programs in the Nella Grimm Fox Room at the Rutland Free Library.

The Program Committee of the Rutland Historical Society presented the following programs during the year in association with the Pittsford, Proctor and Shrewsbury Historical Societies.

### Public Programs

September 16, 1981 —

High Style - Rural Style: Victorian Homes and Life Styles, Mary Ellen Martin — Rutland Free Library, Nella Grimm Fox Room.

September 21, 1981 —

Eleventh and Twelfth Century French Churches, H. Ward Belfore — Fox Room.

October 19, 1981 —

Yorktown: October 19, 1781, As Reported by Radio. A Dramatized Report by a Rutland Area Cast — WHWB, WSYB, Grace Congregational Church Parlor.

Fall 1981 - Vol. XI No. 4 "Ella Bean Livingston 1882 - 1972" (16pp)  
 Winter 1982 - Vol. XII No. 1 "Vermont Maps 1775 - 1798" (16pp)  
 Spring 1982 - Vol. XII No. 2 "Rutland Mayors - 30 Public Servants since 1893" (12pp)

Because the Quarterly is planned at least a year in advance, a newsletter is being considered for more timely communication. Sandy Ruvera has consented to be volunteer editor.

### Research

Because Rutland's deep history deserves a source-locus for scholarly research, James Davidson strives toward the typed lists, typed cards, typed labels on boxes, on shelves, in files — all the essentials for the availability of our precious books and artifacts — with no clerical assistance as this report is written.

### Special Note

For the sake of brevity, all standing Committees are not listed above. It is suggested for thought the fact that none of the committees listed could perform had not each chairman been helped by the members of the other committees. In blunt words, a small number of dedicated volunteers are spread very thin over many, many jobs. Sanborn Partridge, for example, has spent enormous time and attention as our treasurer because of our unique dues structure and multiple budgets — and has served on many committees as well. June Buck conscientiously recorded Board meeting minutes each month. Membership secretary, Hope Hubbard and Vi Terrill have spent many hours processing dues and typing out membership mailing list, and Vic Seigny and Ed Boyce carefully audited the treasurer's records.

# The Chaffee Art Center

**Rutland Area Art Association, Inc.**

Mayor John J. Daley  
City Officials  
Citizens of Rutland, Vermont

We are proud of our accomplishments and we want to announce that on this, our 21st year as a gallery, Rutland now has a permanent art center. Our impressive historical building, located among other landmarks within the Court House Historical District, is now owned by the Rutland Area Art Association, a non-profit educational corporation.

The purchase of the gallery building was made from funds solicited from individuals, corporations and businesses by a special funding committee, chaired by Henry Carris, one of this associations incorporators. The property owned by our non-profit corporation also includes the parking lot directly back of the building, a gift from Mrs. Frederick Chaffee at the time the purchase agreement was signed in 1976.

We wish to emphasize that no City money was used for the purchase or for repairs or restoration. The 1982 restoration of the side porch area was made possible by monies donated to the Memorial Restoration Fund in memory of friends of the gallery. Work to improve the rest of the building will continue when new funds become available. Hopefully not through memorials.

The City Grant of \$3,000.00 is being used as specified, toward overhead or operating costs. This amount is helpful but a minor contribution in maintaining a major point of interest, in Vermont's second largest city. The use of Main Street Park for the Park Festivals is an additional contribution and is greatly appreciated for these Festivals attract hundreds of travelers. While the Festival is sponsored by the Chaffee, all artists and craftsmen are welcome to participate and the gallery building is kept open for their convenience. This is a City attraction.

## ANNUAL REPORTS

### Performing Arts —

To enhance the opening day receptions for the exhibits, performing artists have been featured. Professionals have performed gratis at each opening day event beginning with the Chamber Ballet Company in June and followed by a group of faculty members of the Central Vermont School of Music. A musical duo, Payson Rex Webber on violin and Louise McCoy, piano entertained in August. Featured at the September opening were Margaret Shaw, cello and Mildred Holmer on piano.

The Rutland Actors Repertory conducted workshops and presented two one act plays to a capacity audience. Also demonstrations and talks on creative crafts were scheduled during the season by very qualified craftsmen.

At the Park Art Festivals, patrons were entertained by a variety of featured performers. Beverly Hoffman on the dulcimer and guitar — The Chester Brass Band performed at both park festivals. Irish jigs, reels and ballads were presented by "The Wind that Shakes the Barley" and of course there was Clooney the Clown.

### Visual Arts —

The annual visual arts program followed the well established pattern that provides exhibition space for our member artists through the entire summer season with a rotating sales gallery and two exhibits for artist members. In addition there were ten solo show exhibits. The Annual Education Exhibit this year, which began in June, presented for a first time, "Limited Editions of Contemporary Prints" by internationally known artists. This gift of prints from the Ackerman Foundation will remain in our possession for future display and perhaps a traveling show.

### Special Funding Events —

No admission was charged at the Gallery but donations were suggested. For sepecial events donations were made that benefited or at least covered the costs of the event: A Fashion Show luncheon featuring a collection of Herme's scarfs was held at Mountain Top Inn. 110 guests attended. A "Couture" fashion show featuring Alma Schmelzenbach Fashions was held in July with a capacity audience that also enjoy a luncheon catered by Royal's Hearthside.

The Art in the Park is always very beneficial and the loan of the park for these events not only benefit the gallery but the many artists and craftsmen that make these spectacular shows possible.

### Publicity —

Increased publicity has played a major roll in increasing the attendance. There were nearly 6,000 registered guests in addition to the regulars, the members and volunteers and those that just won't sign.

We were invited to be on "People To People" and informative radio program over WSYB with Bruce Edwards, Forty-five minutes live was a major plus for the Gallery. Purpose and history were the main subjects aired.

We have been taking part in the Chamber of Commerce Art Committee work and participated in their Mixer in the Alley and joined Moon Brook in displaying decorative art.

Ads and releases have appeared in The Resorter, The Herald and many other state newspapers. Flyers were distributed to information centers and business. Posters were distributed by hand to many major areas.

### Associate Galleries —

The main gallery is only open 5 months a year but we have associate galleries that exhibit and sell the works of our member artists. On the mountain is the Cortina Inn Gallery, and downtown are displays in three banks.

The Marble Savings Bank, the first to join us, then the Rutland Savings Bank and the Howard Bank. Of the price received by the artist, 20% is given to the Gallery for commission.

#### Material Gifts —

—**Landscaping** and annual plantings by the Rutland Garden Club enhances the beauty of the property. A flowering crabapple tree was also planted in memory of a club member.

—**A new sign.** A year round sign was designed and constructed by Herbert V. Trafford and given in memory of his friend Harry Shokler a member artist.

—**Permanent Collection.** Added to the permanent collection was an oil painting from the estate of Carlotta Walker. Also a large Vermont landscape in oil was given by the artist Robert Frick as well as an unsigned Hudson River painting donated by a friend.

—**Fencing.** Funds designated for the installation of 136 feet of linkchain fence along the north boundry of the parking lot inspired the abutting neighbors to contribute and share in the protection.

—**A Fire Place Screen** was also a welcome gift.

This is approximately half of what is needed to complete this season.

In 1981, the expected City Grant of \$6,000.00 was in mid-season, cut to \$3,000.00 and the scheduled 20th Anniversary Celebration planned for October had to be cancelled and the Gallery closed. The Grant for this 1982 season remained the same. Even with careful planning, due to higher overhead and energy costs we are struggling to complete this 1982 season. Hopefully, the city can be more generous in 1983 so as to insure the success of our expanded programing.

Board of School Directors  
 City of Rutland Public Schools  
 Six Church Street  
 Rutland, Vermont 05701

We have examined the financial statements of the General Fund of the City of Rutland, Vermont public Schools as of and for the year ended June 30, 1982, as listed in the forgoing Table of Contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described more fully in Note 1, and in accordance with the terms of our agreement, the financial statements presented are only for the general fund and are not intended to present fairly the financial position of the City of Rutland, Vermont public schools at June 30, 1982, or the results of its operations and the changes in the financial position of its Proprietary Fund Types for the year then ended, in conformity with generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly the financial position of the general fund of the City of Rutland, Vermont public schools at June 30, 1982 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

## Department of Education

To the Honorable City Council:  
Ladies and Gentlemen:

This is my first report to you as Superintendent of Schools. Such a report usually recounts the past year's accomplishments. Having arrived late in the year this is rather difficult to do. Instead I would like to share with you some initial reactions and look at some future potentials. In the process you may get to know your new Superintendent a bit better.

I am committed to the notion that the schools belong to the citizens of Rutland and they were created for the primary purpose of educating the children and youth of the City. I have spent a great deal of time talking with a lot of different people about how they feel about the schools and, if they were in a position to shape to some degree the future of the schools, how they would like to see them change. There is a need to take a good hard look at the mission of the Rutland City Public Schools, arrive at a consensus and rededicate ourselves to the pursuit of that consensus. This Fall we will make the development of a Mission Statement a priority. Many of our citizens will be asked to contribute.

In my discussions I talked with parents, students, staff, city officials, and citizens at large. I share with you the reaction of those most closely in touch with our schools. Students felt they were receiving a good education and that the schools were a good environment in which to learn. Teachers felt good about teaching in our schools, confirmed by the fact that we have a low turnover and a very senior faculty. Parents felt good about the education their children were receiving. Employers and post secondary institutions felt that graduates were generally well prepared. My observation coming from outside the system is that Rutland can be proud of its schools.

This general sense of quality performance by our schools should not lead to complacency. There were critics with valid criticisms. No matter how well we achieve, we strive to improve on our past performance. You will find a dedication to excellence on the part of those most directly responsible for the instruction of our students and a sincere desire to make our schools even more

effective. A task force of students, parents, teachers, administrators and school commissioners spent a great deal of time this past summer looking at the research concerning Effective Schools and Mastery Learning. Their recommendations will help greatly in shaping the future of our schools.

The Board of School Commissioners and I have established the strengthening of elementary education as a high priority for the ensuing year. Recognizing that there will be increasing numbers of students entering the elementary grades in the next few years it is an appropriate time to focus on this level. The budget for the 1982-83 school year restores art for the elementary program; provides generously for new instructional materials in elementary science, social studies and language arts; provides staff and instruction materials for a greatly strengthened elementary library program; provides more adequately for elementary field trips and establishes for the first time programs in Essential Early Education (programs for pre-school handicapped children) and elementary guidance. The acquisition of basic skills will be stressed in the primary grades. Strong developmental programs obviate the need for remediation. The start we receive shapes the future course of our lives.

During the past school year the Board of School Commissioners launched an aggressive program designed to contain escalating energy costs. While major reductions are projected as a result of the extensive retrofitting of our schools which has taken place this summer significant reductions occurred as a result of conservation practices this past year. Comparing the 1981-82 heating season with the 1980-81 season we used 26,159 fewer gallons of fuel oil even though there was an increase of 229 degree days from September through May. This was a reduction of five percent (5%) in fuel consumption during a winter that was three percent (3%) colder as measured by degree days.

In closing I would like to share with the reader one other observation. The Rutland City Schools have come through a very difficult period of time marked by declining school enrollments and financial support from sources other than property taxes which did not keep up with inflation. This past decade was marked by the advent of labor relations legislation for teachers and changing social values. The school system has come through in good shape largely as a result of the able leadership of Mr. Thomas Chesley. We all owe him a great debt of gratitude and I extend to him our sincere appreciation and best wishes.

Respectfully, submitted,

LLOYD A. KELLEY, JR.  
Superintendent of Schools

## BOARD OF SCHOOL COMMISSIONERS

### President's Message:

Great changes are in the works for the Rutland Public Schools. The past has forced us to face changes such as dramatically decreased state aid, steadily declining enrollment and voter resistance to increased taxation for the support of education.

The Rutland community has responded to these challenges in a positive manner and has been rewarded with a stronger, more efficient public school system as a result. The future appears no less challenging, despite the fact that enrollments are leveling off and state aid has stabilized. Now we must face the challenge of generating change in our schools instead of simply reacting to it. We must now attend most closely to those issues and concerns directly affecting the classroom and the individual needs of each student, and not the political implications of some new funding mechanism being brewed in Montpelier.

The School Board is aggressively taking the lead in this new direction. However, public input and involvement is more vital now than during the "crisis" periods of the recent past. I urge every parent and citizen in the Rutland community to get involved. The future holds many opportunities for constructive change in Rutland's public education.

With the support and involvement of our whole community, we are sure to make the best choices.

Jeffrey Wennberg, President
